COME AND SEE: IKONS OF LOVE IN CONTEMPORARY MOVIES

THREE COLORS BLUE
September 22nd 2017

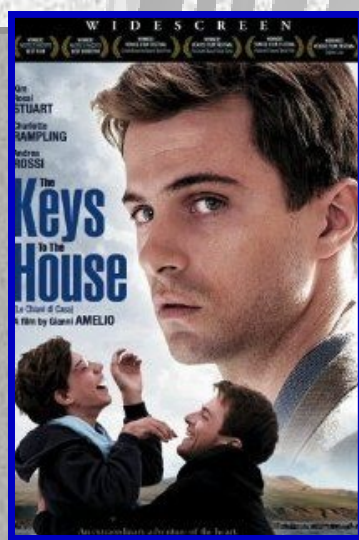

THE OTHER SON
October 20th, 2017

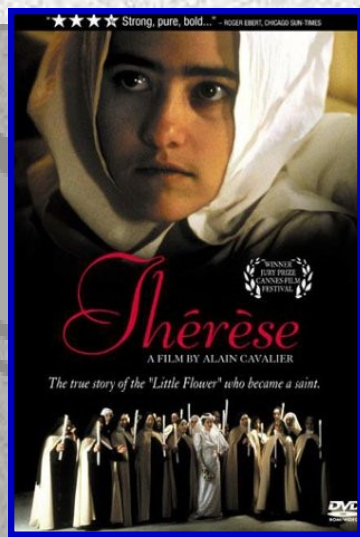

In his recent encyclical, *The Joy of Love*, Pope Francis speaks convincingly and beautifully of the primacy of Love in human life.

Recent cinema offers us a striking variety of movies that courageously examine the multi-faceted experience of Love: its redeeming power; its moral impact; the challenge and struggle it calls us to; the sacrifice and pain it demands; the satisfaction and hope it provides; the fullness of joy and life it offers.
