## **FAITH & JUSTICE COMMITTEE**

### Act now for Our Common Home

In his latest encyclical Laudate Deum, Pope Francis stresses the urgency of acting now on behalf of our Common Home. The Faith & Justice Committee is inviting parishioners to come explore what possibilities are achievable for us in regards to Pope Francis' urgent request.

## **DEVELOPMENT & PEACE**

Development & Peace "Stand for the Land." In northern Honduras, the Guapinal and San Pedro rivers spring forth from a hill in the National Park. The rivers form an ecosystem rich in plant and animal life. These rivers are vital to the hundreds of communities living along their banks. For decades these communities have defended the rivers from pollution by heavy industries. Soon after the National Park was created the extraction industry had the boundaries altered. An iron oxide mine was opened in the once protected area. Local communities quickly organized and established a peaceful resistance camp, which is strongly supported by church leaders. Nevertheless, these defenders of the land face violence from the state, private security and other outsiders. These communities need us to stand with them in their struggle.
